

Measure C Renewal

COMMUNITY MEETINGS

Help decide how Measure C will meet your transportation needs now — and in the future!

Over the past 35 years, Measure C has provided local funding for Fresno County's transportation needs including:

- ✓ Filling potholes, completing road safety projects and constructing bridges and bikeways
- ✓ Keeping public transit fares low for students, seniors, veterans and those with disabilities
- ✓ Removing over 42 tons of trash along urban freeways
- ✓ Replacing 115 school buses with safer and cleaner-fueled transportation for school children
- ✓ Building and improving over 1,200 miles of local streets, county roads and state highways, including 50 miles of new freeways

The next projects that Measure C funds are up to you.

Join us at one of four upcoming community meetings to choose ways Measure C will improve your community's transportation needs.

All in-person meetings will provide:

- Food and Refreshments
- A Chance to win \$50 Gas Card
- Free Transportation
(Must call **855-464-6872** 24 hours in advance)
- On Site Child Care
(Must register 24 hours in advance)
