CITY COUNCIL OF THE CITY OF FOWLER

ITEM NO: 7-C

REPORT TO THE CITY COUNCIL

July 5, 2022

FROM SCOTT CROSS, City Attorney

SUBJECT

APPROVE Resolution No. 2572, A Resolution of the City Council of the City of Fowler Authorizing Continued Use of Remote Teleconferencing for City Council Meetings and Commission Meetings During Declared State of Emergency in Accordance with Government Code Section 54953 as amended by AB 361

RECOMMENDATION

Approve Resolution No. 2572 if the City Council makes the findings required by Government Code Section 54953(e)(3) to continue to allow City Council members to attend City Council meetings via remote teleconferencing without following typical Brown Act requirements for teleconference participation by City Council members at City Council meetings. The Resolution also authorizes the City's other commissions to continue meeting remotely for as long as the City Council authorizes.

BACKGROUND

The City Council approved Resolution No. 2522 on October 19, 2021, authorizing remote teleconferencing for City Council and City commission meetings in accordance with Government Code Section 54953 as amended by AB 361 during the COVID-19 declared emergency. To continue with the "relaxed" remote teleconferencing for City Council and other commission meetings Government Code Section 54953 requires the City Council to make findings every 30 days that (1) it has reconsidered the circumstances of the state of emergency, and either (a) the state of emergency continues to directly impact the ability of the members to meet safely in person, or (b) state or local officials continue to impose or recommend measures to promote social distancing.

Fowler City Council meetings are currently conducted in a manner that allows the public and Council members to attend in person or via teleconference in compliance with applicable legal requirements. Approving this resolution would not change the way members of the public are allowed to participate in meetings (both in-person and teleconference attendance is allowed) and would also allow City Council members to continue to attend meetings via teleconference, if desired, without complying with the typical Brown Act requirements for teleconferencing attendance at City Council meetings.

The proclaimed COVID-19 emergency is still in effect and there may be occasions when the proclaimed emergency directly impacts the ability of members of the public or Council members to meet safely in person. Also, some state and local officials continue to recommend measures to promote social distancing. As a result, the necessary findings can be made, if desired, to continue with remote teleconferencing for City Council and other commission meetings. These findings must be made every 30 days to continue with the relaxed Brown Act teleconference requirements.

ENVIRONMENTAL REVIEW

This action does not constitute a “project” pursuant to the California Environmental Quality Act.

FISCAL IMPACT

No fiscal impact is anticipated whether this Resolution is approved or not.

CONFLICT OF INTEREST

Staff is not aware of any conflicts of interest.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF FOWLER AUTHORIZING CONTINUED USE OF REMOTE TELECONFERENCING FOR CITY COUNCIL MEETINGS AND COMMISSION MEETINGS DURING DECLARED STATE OF EMERGENCY IN ACCORANCE WITH GOVERNMENT CODE SECTION 54953 AS AMENDED BY AB 361

WHEREAS, on March 4, 2020, the Governor of California declared a state of emergency in the State as a result of the COVID-19 pandemic; and

WHEREAS, pursuant to Resolution 2461, approved by the Fowler City Council on March 17, 2020, the City Council declared a local emergency as a result of the threatened spread of COVID-19 in the City, surrounding areas, and the state; and

WHEREAS, on March 17, 2020, with the issuance of Executive Order N-29-20, the Governor suspended certain provisions of the Ralph M. Brown Act in order to allow local legislative bodies to conduct meetings telephonically or by other remote means; and

WHEREAS, on June 11, 2021, the Governor issued Executive Order N-08-21, which placed an end date of September 30, 2021, for agencies to meet remotely; and

WHEREAS, AB 361 was enacted on September 16, 2021, enacting certain changes to the Brown Act for teleconferencing and remote participation at public meetings as set forth in Government Code Section 54953; and

WHEREAS, the state of emergency proclaimed by the Governor on March 4, 2020, has not been rescinded and remains in effect; and

WHEREAS, the City Council has determined that teleconferencing from remote locations by the public and City Council members has not limited participation of members of the public, Council members, or other attendees at City Council or other City commission meetings; and

WHEREAS, on October 19, 2021, the City Council approved Resolution No. 2522 authorizing remote teleconferencing for City Council and City commission meetings in accordance with Government Code Section 54953 as amended by AB 361; and

WHEREAS, Government Code Section 54953, as amended by AB 361, requires the City Council to make certain findings every 30 days after approving Resolution No. 2522 in order to continue with remote teleconferencing.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Fowler as follows:

1. The City Council has reconsidered the circumstances of the COVID-19 state of emergency and finds that the following circumstances exist:

- A. The state of emergency continues to directly impact the ability of members of the public, City Council members, and members of other City commissions to meet safely in person; and
- B. State or local officials continue to recommend measures to promote social distancing.

2. This Resolution shall be effective immediately and a similar resolution shall be a standing item on City Council meeting agendas each month to reconsider the circumstances of the COVID-19 state of emergency and determine whether the state of emergency continues to directly impact the ability of members of the public, City Council members, and members of other City commissions to meet safely in person, or whether state or local officials continue to impose or recommend measures to promote social distancing, until the necessary findings required for continuing remote teleconferencing are no longer approved by the City Council.

REPORT TO THE CITY COUNCIL

July 5, 2022

FROM THOMAS W. GAFFERY IV, Community & Economic Development Director

SUBJECT

APPROVE a grant application to the California Energy Commission in the amount of \$40,000 and authorize the City Manager to execute related documents

RECOMMENDATION

Staff recommend the City Council approve a grant application to the California Energy Commission in the amount of \$40,000 and authorize the City Manager to execute related documents.

BACKGROUND

The California Energy Commission's "California Automated Permit Processing Program" will provide the City \$40,000 to implement SolarAPP+.

SolarAPP+ is a free cloud-based solution developed by the National Renewable Energy Laboratory. It performs automated plan review for residential solar projects, supports online fee payment, and immediate issuance of building permits and inspection cards. The award will help offset implementation costs including staff training, contractor training, hardware costs, and ongoing support needs.

ENVIRONMENTAL REVIEW

This does not constitute a "project" pursuant to the California Environmental Quality Act.

FISCAL IMPACT

This grant will help reduce staff processing time of residential solar building permit applications.

CONFLICT OF INTEREST

Staff are not aware of any conflicts of interest.

CITY COUNCIL OF THE CITY OF FOWLER

ITEM NO: 7-E

REPORT TO THE CITY COUNCIL

July 5, 2022

FROM DARIO DOMINGUEZ, Public Works Director

SUBJECT

APPROVE the First Amendment to the Covenant and Agreement between the County of Fresno and the City of Fowler to accommodate the development of a second driveway, to be located on an adjacent City-owned property to provide for additional access to the Fowler Library.

RECOMMENDATION

Staff recommends the City Council approve the First Amendment to the Covenant and Agreement Regarding Joint-Use of Parking Lot and Storm Drainage Facilities between the County of Fresno and the City of Fowler ("Agreement") to accommodate the development of a second driveway, to be located on an adjacent City-owned property to provide for additional access to the Fowler Library, and authorize the City Manager, or her designee, to execute the First Amendment to the Agreement.

BACKGROUND

On September 11, 2007, the County of Fresno and the City of Fowler entered into the Agreement to address the rights and responsibilities of each of the parties regarding improvements to, and joint usage of, the public parking and storm drainage facilities located adjacent to the County-constructed Fowler Library.

Earlier this year, Mayor Cardenas had been in continuous communication with County Board Supervisor Mendes to help address an access issue to the library's parking lot. Both parties agreed to construct a second driveway to the west of the existing driveway. The Library will now have two (2) points of ingress and egress. The new drive approach will help alleviate traffic congestions and reduce safety concerns.

The project will be financed by the County, and construction is likely to begin later this summer.

ENVIRONMENTAL REVIEW

Executing the agreement with Fresno County is not considered a “project” as defined by Public Resources Code Section 21065 and CEQA Guidelines Section 15378. However, any future projects identified and agreed upon by Fresno County and the City of Fowler in compliance with the agreement will prepare an environmental document pursuant to the CEQA Guidelines.

FISCAL IMPACT

The County of Fresno has agreed to pay all costs and expenses associated with any work performed by its contractor for the improvements to the Library parking lot.

CONFLICT OF INTEREST

Staff is not aware of any conflicts of interest.

CITY COUNCIL OF THE CITY OF FOWLER

ITEM NO: 7-F

REPORT TO THE CITY COUNCIL

July 5, 2022

FROM DAVID PETERS, City Engineer

SUBJECT

ACTIONS pertaining to Landscape and Storm Drainage Facilities Maintenance District No. 1 Annual Assessments – Intent to Order Levy.

RECOMMENDATION

Staff recommend the City Council:

- APPROVE Resolution No. 2573, a resolution directing the City Engineer to initiate and prepare the Engineer's Report for landscaping and storm drainage facilities maintenance district no. 1 for fiscal year 2022-2023.
- Approve the Engineer's Report on file with the City Clerk.
- APPROVE Resolution No 2574 a resolution of the City's intention to levy and collect the annual assessment of the Landscape and Storm Drainage Facilities Maintenance District No. 1, for fiscal year 2022-2023, and to set a public hearing for August 2, 2022.

BACKGROUND

The City provides for the operations and maintenance of landscaping and storm drainage facilities within various improved developments throughout the City of Fowler. The City's Landscape and Storm Drainage Facilities Maintenance District No. 1 ("LSDFMD No. 1") was formed pursuant to the Landscaping and Lighting Act of 1972 (the "Act") and provides for assessing parcels within these developed areas to fund these maintenance and operations activities.

To initiate this process for the levy of the annual assessment, the City Council must first adopt a resolution ordering the City Engineer to prepare an Engineer's Report for consideration by the City Council. The City Council must approve the Engineer's Report annually, which describes the improvements to be maintained and the costs and proposed assessments to be levied on the properties within LSDFMD No. 1. Approval of the levy of the annual assessment must be completed by the City Council after conducting a public hearing at a regular meeting, prior to August 10, 2022.

The City Council should approve Resolution No. 2573, ordering the City Engineer to prepare an Engineer's Report for fiscal year 2022-2023, in accordance with Streets and Highways Code section 22622. The City Engineer has prepared and filed the report with the City Clerk. The City Council should consider and approve the Engineer's Report for fiscal year 2022-2023.

Exhibit A of the Engineer's Report generally describes the area to be benefitted by the LSDFMD No. 1. There are no new improvements or substantial changes in LSDFMD No. 1 from the previous year. The City Council should approve Resolution No. 2574, adopting the Engineer's Report, declaring its intent to levy the annual assessment, and set a public hearing for the adoption of a resolution approving the levy of the annual assessment for LSDFMD No. 1 for the regular City Council Meeting on August 2, 2022.

ENVIRONMENTAL REVIEW

This action does not constitute a "project" pursuant to the California Environmental Quality Act.

FISCAL IMPACT

Per the Engineer's Report attached hereto for the 2022-2023 fiscal year, the annual assessments for LSDFMD No. 1 remain unchanged from the previous year's report.

CONFLICT OF INTEREST

Staff is not aware of any conflicts of interest.

ITEM NO: 7-G

REPORT TO THE CITY COUNCIL

July 5, 2022

FROM DAVID PETERS, City Engineer

SUBJECT

ACTIONS pertaining to annexation of Tracts 5952, 6188, and 6274 into the City's Landscape and Storm Drainage Facilities Maintenance District No. 1.

RECOMMENDATION

Staff recommend that the City Council:

- APPROVE Resolution No 2575 a resolution to initiate proceedings to annex tracts 5952, 6188, and 6274 into the City's Landscape and Storm Drainage Facilities Maintenance District No. 1 and order the preparation of an Engineer's Report regarding said annexation.
- APPROVE the Engineer's Report on file with the City Clerk.
- APPROVE Resolution No. 2576 a resolution to consider and approve the Engineer's Report, a declaration of the City's intent to annex tracts 5952, 6188, and 6274 into the City's Landscape and Storm Drainage Facilities Maintenance District No. 1, set a public hearing on the annexation, order assessment ballots to be mailed to all property owners of record of the parcels within tracts 5952, 6188, and 6274, and to set a public hearing on the annexation of the tracts into the City's Landscape and Storm Drainage Facilities Maintenance District No. 1, for September 6, 2022.

BACKGROUND

The City provides for the operations and maintenance of landscaping and storm drainage facilities within various improved developments throughout the City of Fowler. The City's Landscape and Storm Drainage Facilities Maintenance District No. 1 ("LSDFMD No. 1"), was formed pursuant to the

Landscaping and Lighting Act of 1972 ("Act"), which provides for assessing parcels within these developed areas to fund these maintenance and operations activities.

The Act allows for newly developed properties to be annexed into an existing landscape and maintenance district. (Streets and Highways Code § 22605, subd. (a).) In accordance with the conditions for approval for tracts 5952, 6188, and 6274 (hereinafter collectively referred to as, the "Tracts") these subdivisions must be annexed into the City's LSDFMD No. 1. To initiate proceedings for the annexation, the City Council must adopt a resolution describing the improvements and services within LSDFMD No. 1, describe the territory to be annexed, describe the proposed assessment on the proposed annexation, and to order the City Engineer to draft and file with the City Clerk an Engineer's Report in accordance with Streets and Highways Code section 22567.

The City Engineer has already prepared and filed the Engineer's Report for the Tracts to be annexed into LSDFMD No. 1. After the City considers and approves the Engineer's Report, it must then adopt another resolution declaring its intent to approve the annexation and set a public hearing in accordance with the provisions of Government Code section 53753. This requires the City to provide notice and assessment ballots to the owners of record for the parcels within the Tracts and must be mailed to the property owners of the Tracts at least forty-five (45) days prior to the public hearing.

ENVIRONMENTAL REVIEW

This action does not constitute a "project" pursuant to the California Environmental Quality Act.

FISCAL IMPACT

If the territory is approved to be annexed, each parcel in the annexed Tracts would be annually assessed and the revenue from the assessments will help pay the annual maintenance costs associated with the new improvements.

CONFLICT OF INTEREST

Staff is not aware of any conflicts of interest.

REPORT TO THE CITY COUNCIL

July 5, 2022

FROM YVONNE HERNANDEZ, Recreation Supervisor

SUBJECT

APPROVE Donation request from Fowler Youth Football in the amount of \$2,000 for fiscal year 2022-23.

RECOMMENDATION

Staff recommend the City Council approve a donation request from Fowler Youth Football in the amount of \$2000 for fiscal year 2022-23.

BACKGROUND

The City's May 2021 "Youth Recreational Funding Program Guidelines" outline the purpose, process, and evaluation procedure for providing up to \$2,000 per year to youth sports programs in Fowler. Fowler Youth Football meets these requirements, except the organization does not have IRS 501(c)(3) status. However, the program has been awarded funding in previous years and staff recommend they be awarded this year.

ENVIRONMENTAL REVIEW

This action does not constitute a "project" pursuant to the California Environmental Quality Act.

FISCAL IMPACT

Funds have been appropriated under Youth Sports Contributions in the Utility Users Tax Fund.

CONFLICT OF INTEREST

CITY OF FOWLER

YOUTH RECREATIONAL FUNDING PROGRAM GUIDELINES

APRIL 2010

1. BACKGROUND AND PURPOSE

It has been the practice of the City Council to consider and contribute to the funding of local youth recreational programs conducted by non-profit organizations. The purpose of these Guidelines is to formalize the process for the granting of an award of monetary support to local non-profit organizations whose programs provide youth recreational activities for Fowler residents. Funding provided pursuant to these Guidelines is not intended for use as the sole or primary support of any organization.

2. ELIGIBILITY

Applicants must meet the following criteria:

- 2.1. Be formally incorporated as a non-profit entity and be tax exempt (under section 501(c)(3) of the IRS Code and section 2370(d) of the California Revenue and Taxation Code).
- 2.2. Be based in Fowler or provide services in Fowler to a significant Fowler client base.
- 2.3. Provide a service that is not a duplication of an existing public sector program, OR if the service is duplicated, the applicant must show why it is not an unnecessary duplication of service.
- 2.4. Maintain accounting records which are in accordance with generally accepted accounting practices.
- 2.5. Have bylaws that define the organization's purposes and functions, its organization, and the duties, authority and responsibilities of its governing body and officers.
- 2.6. Provide for adequate administration of the program to insure delivery of the services. One individual should be designated as the full time director of the organization whom shall be the primary contact person with the City.
- 2.7. Use at least 95% of City funds granted for direct services as opposed to administrative costs.
- 2.8. Implement programs that emphasize youth recreational programs for Fowler residents.

3. PROCEDURE

Applicant's shall file an application for Community Youth Organization Funding with the City Clerk. Application forms may be obtained from City Hall or off the City's web page at www.ci.fowler.ca.us. The City Manager is responsible for reviewing all proposals and submitting recommendations for funding to the City Council. In its evaluation, the City Manager shall consider and evaluate the following criteria:

- 3.1. The non-profit status of the organization.
- 3.2. The number of citizens within the community that will benefit directly by the expenditure as well as the ratio of Fowler residents served to the total number of individuals served.
- 3.3. Adherence to these Guidelines, City ordinances, and other stated policies of the City.
- 3.4. Whether or not a public need will go unmet without the contribution.
- 3.5. The degree to which the goodwill of the City will be promoted.
- 3.6. The degree to which the cause has been recognized as a contribution to the community.
- 3.7. Whether of not the contribution could expose the City to civil liability.
- 3.8. The amount of the request.
- 3.9. The degree to which the members of the organization have engaged in fund-raising activities.
- 3.10. The percentage of the organization's operating budget that consists of City funds. Having an operating budget that relies too heavily on City funding will be evaluated lower.

4. FUNDING.

- 4.1. No organization may apply for funding if it failed to meet any of the post funding application requirements from the prior year (see section 5 below).
- 4.2. Funds will not be allocated to:
 - Political action committees, political candidates, or political campaigns.
 - Any organization conducting a religious activity.
 - For the rental of City facilities.

- For school district programs and/or projects.

- 4.3. Funding requested from membership based organizations will not be considered if the funds requested are to be used to directly benefit its members and not the community at large.
- 4.4. Funding of a program will not constitute a precedent for contributions in subsequent years.
- 4.5. Final funding decisions will be at the discretion of the City Council and will vary depending on budgetary considerations. Grants are funded primarily from the recreation portion of the City's Utility Users Tax. Absent special circumstances, the cumulative grants in any fiscal year should not exceed 15% of the recreation portion of the Utility Users Tax and the maximum contribution per organization should not exceed \$2000.

5. POST FUNDING APPLICATION REQUIREMENTS.

If funding is approved by the City Council, the non-profit organization shall comply with the following:

- 5.1. Carry adequate liability insurance naming the City as additional insured as may be required by the City.

- 5.4. Provide access to periodic reviews by City staff and City Council for purposes of monitoring the program.
- 5.5. Annual Programs. For recreational programs that run throughout the year, provide the City with an interim six-month and an end-of-the-year full financial accounting and narrative report.

The interim six-month report shall be submitted in writing, and may be brief but should include a financial summary indicating how funds have been expended during the period and a narrative commenting on development of the program.

The end-of-the-year report shall be in writing and submitted within 60 days after the one-year grant period. This report must include a complete financial

statement detailing all expenditures of City monies for the program(s) covered under the grant and a narrative report on the project and its significance. The financial and narrative report should compare actual expenditures and accomplishments with the budget and objectives cited in the original proposal.

Seasonal Programs. For recreational programs that are seasonal, in lieu of the interim six-month and end-of-year report, the non-profit organization may provide a report within 30 days after the end of the program meeting the criteria of the end-of-year report.

- 5.6. Funded applicants must return to the City any unexpended funds at the end of the one-year funding period for annual programs and at the end of the seasonal program for seasonal programs, or whenever the City determines that the applicant has not performed in accordance with the approved program proposal.
- 5.7. City monies shall be used only for the purpose and program duly authorized and in accordance with the approved budget. Any deviation from the approved program may be made only with the City's prior written approval. If not, funds must be returned immediately to the City.

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC Section listed at the top of this letter.

If we indicated at the top of this letter that you're required to file Form 990/990-EZ/990-N, our records show you're required to file an annual information return (Form 990 or Form 990-EZ) or electronic notice (Form 990-N, the e-Postcard). If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

APPROVE Resolution No. 2577 Concerning Certifications and Claims for Collection of Measure “C” Funds for Fiscal Year 2022-2023 and Authorize the Finance Director to Sign the Local Transportation Pass Through Revenue Certifications and Claim Forms.

RECOMMENDATION

The City Manager and Finance Director recommend City Council approve Resolution No. 2577 to submit the Local Transportation Purposes Certifications and Claim Forms to Fresno County Transportation Authority (FCTA) for the City of Fowler to collect its share of Measure “C” funds for fiscal year 2022-2023, and authorize the Finance Director to sign the Local Transportation Pass Through Revenue Certifications and Claim Forms.

BACKGROUND

On June 8, 2022, the FCTA Board adopted their Board Resolution No. 2022-06 (Resolution attached) for Measure C Extension Local Transportation Purposes Pass-Through Projects and Program Funds apportionment for fiscal year 2022-2023. The following is the Local Transportation Program Pass-Through and Subprograms of which the City of Fowler will receive Measure C funding:

- 0.90% of \$16,882,883 for Street Maintenance Category sub program; City’s share is \$152,307;
- 0.90% of \$590,901 for ADA Compliance Category sub program; City’s share is \$5,331;
- 1.04% of \$16,972,627 for Flexible Funding Category sub program; City’s share is \$177,273.

Each subprogram has various requirements and exemptions for spending the funds as outlined in the Measure C Extension 2007 Local Agency Handbook. These are the estimated apportionments scheduled for FY 2022-2023 for the City of Fowler Measure C Extension Program.

To receive these funds monthly, the City must file a separate 2022-2023 Certification and Claim form for each sub program (forms attached) along with a City Council Resolution which is to be submitted to the Fresno County Transportation Authority by September 15, 2022. Once these documents have been accepted, each agency will receive a separate check for each sub program. Measure “C” funds will be distributed on a proportional basis as funds are received.

ENVIRONMENTAL REVIEW

This action does not constitute a “project” pursuant to the California Environmental Quality Act.

FISCAL IMPACT

The 2022-2023 Measure C funding will augment other local transportation fund sources to carry out street maintenance programs and other public transportation improvements during the fiscal year.

CITY COUNCIL OF THE CITY OF FOWLER

ITEM NO: 9-Ci

REPORT TO THE CITY COUNCIL

July 5, 2022

FROM WILMA TUCKER, City Manager

SUBJECT

Discuss various proposals for fire protection services for the City of Fowler and provide staff direction

RECOMMENDATION

Staff recommend City Council provide direction on this item.

BACKGROUND

After two closed session discussions with Council on March 29 and April 19, 2022, staff, as directed, presented a three-year agreement for fire protection services with Fresno County Fire Protection District in the amount of \$675,000 with annual escalations, during the June 7, 2022 Council meeting. After a lengthy public discussion, Council directed staff to analyze the accuracy and feasibility of two different proposals presented by Councilmember Kazarian and Chief Lopez to transition Fowler Fire Department from all volunteer staff to either part-time or full-time firefighters. These proposals were presented during the public discussion and are included as Attachments.

In addition, during the June 21, 2022 Council meeting, Councilmember Mejia asked Council to support his request to have one additional proposal analyzed. Council agreed and directed Staff to analyze this proposal as well; it is also included as an Attachment.

Staff worked closely with Chief Micheal Despain of M.E.D Enterprises, Inc., to analyze the accuracy and feasibility of each proposal. Comments regarding each proposal are outlined below:

1. Councilmember Kazarian's Proposal (Attachment A)

This proposal assumes conversion of the existing volunteer firefighters to full-time firefighters over a three-year period.

Key observations and comments:

- The full-time salaries for the Fire Chief and Captain(s) are assumed flat year-over-year. However, these positions would be eligible for step increases and Council-approved cost of living increases to the pay range on an annual basis. The same assumptions were made for all of staffing within this proposal, thus underestimating all ongoing salary expenses.
- Estimated costs for administrative support staff are low and do not consider the staff time needed to manage a large workforce with a complex payroll.
- This proposal does not account for staffing and overtime costs due to absences associated with medical leaves, vacations, and training.
- This proposal does not include any ongoing costs for technology equipment, annual software licenses, policy management and training software, and related costs.
- Councilmember Kazarian's proposal considers phasing out volunteer firefighters over the next two (2) years, and having the department fully transition to a career fire department by year three (3).
- Certain considerations need to be maintained regarding volunteer firefighters, to ensure that their status does not change to that of a regular employee.
 - The minimum wage and overtime provisions of the Fair Labor Standards Act (FLSA) are not applicable to individuals who provide volunteer services to state and local governments. (29 CFR § 553.101.)
 - Volunteers may receive paid expenses, reasonable benefits, a nominal fee, or any combination thereof, for their services without losing their volunteer status. (29 CFR § 553.106.)
 - This includes reimbursement for tuition, transportation and meal costs, uniform stipend, or for being provided with books, supplies, or other materials essential to their training (or reimbursement for the cost thereof).
 - Nominal fee: This includes a "per call" basis or a monthly/yearly stipend; and the line between a volunteer and an employee is a person can still be considered a volunteer so long as the nominal fee being paid is no more than 20% of what the employer would pay a regular employee.
 - A nominal fee is not a substitute for compensation and cannot be tied to productivity. There are several factors in determining whether a fee is to be considered "nominal" including: distance traveled, time and effort expended, whether the volunteer agreed to be available at all times or specific time periods, and whether services provided were, "as needed" or throughout the year.
 - Providing excessive pay or control over the schedules of a volunteer firefighter could result in a determination that a volunteer is actually an employee, and those hours worked would be compensable accordingly.
- This proposal retains all the risk and liability with the City, with some mitigation over time assuming the agency can overcome the recruitment and retention barriers.
- It is estimated that in year one alone, there is a shortfall of approximately \$172,000 with the shortfall growing in subsequent years.

2. Chief Lopez's Proposal (Attachment B)

This proposal assumes conversion of the volunteer firefighters to part-time firefighters as part of "a sleeper program."

Key observations and comments:

- As part of Chief Lopez's proposal, it is estimated only nine (9) of the City's existing volunteers are interested in part-time firefighter opportunities. An ongoing recruitment process would need to be prioritized and a background and medical screening processes implemented.
- The proposal lacks any data regarding start-up and ongoing costs to operate the fire department.
- The proposal does not adequately address the vacancy rate of this staffing model. In short, the agency would conservatively need approximately 18 volunteers to provide adequate coverage without violating work hour rules. Vacancies include but not limited to, sick leave, family sick leave, injury leave, outside training, holiday, vacation, full-time job needs, etc.
- The proposal does not address how to provide the 20 hours (average) of training per month without violating work/hour rules.
- The City needs to balance the line between part-time and full-time employees as both statuses have significant benefits implications. Generally, employers have discretion to determine when an employee is considered full-time or part-time, but certain numbers of hours worked trigger benefits under State and Federal law.
 - Affordable Care Act – 29 USC § 4980H, subd. (c)(4)
 - A full-time employee under the Act is considered an employee that works an average of at least 30 hours per week and therefore would be entitled to healthcare benefits.
 - CalPERS – Labor Code § 20305, subd. (a)(2) and (a)(3)(B)
 - A part-time employee becomes eligible for CalPERS benefits if their position requires the employee to serve for one year or longer, for an average of 20 hours per week.
 - Or, the employee works more than 1,000 hours in a fiscal year.
 - Overtime pay –FLSA – 29 USC § 207, subd. (k)
 - The FLSA provides a limited exception to overtime pay for fire protection and law enforcement employees.
 - Overtime pay need not be paid until the number of hours that the employees work in a work period *exceeds* the ratio of 212 hours in a 28 consecutive day work period. (29 CFR § 553.201, subd. (a).)
 - For the City to utilize the Section 7(k) exception, it must establish a fixed regularly recurring period of work from 7 to 28 days, and in practice not exceed (the ratio of) 212 hours within a 28 day period.
- This proposal retains all the risk and liability with the City, with some mitigation over time assuming the agency can overcome the recruitment, training, and retention barriers.

3. Councilmember Mejia's Proposal (Attachment C)

This proposal focuses on salaries associated with six (6) to eight (8) paid part-time employees fully staffing the station for 24-hour coverage.

Key observations and comments:

- The proposal does not adequately address the vacancy rate of this staffing model. In short, the agency would conservatively need approximately 17 "part-time" positions to provide adequate coverage without violating work hour rules. Vacancies include but not limited to, sick leave, family sick leave, injury leave, outside training, holiday, vacation, full-time job needs, etc.
- The 17 part-time positions would also need to be replenished each year (i.e. a whole new group of 17) if the City wishes to avoid the CalPERS 1,000 rule.
- The proposal does not address how to provide the 20 hours (average) of training per month without violating work/hour rules.
- As mentioned above, an employee working in excess of 30 hours per week would be classified as a "full-time" employee under the Affordable Care Act, and therefore eligible for healthcare benefits.
- Likewise, if the employee is working on average at least 20 hours per week, they would be entitled to benefits under CalPERS.
- Per Councilmember Mejia's proposal, the City would utilize two (2) part-time employees per 12-hour shift, this would result in 10 shifts or 120 hours in a 28-day period. The Section 7(k) overtime exception would apply.
- The proposal lacks a lot of ongoing costs necessary to stand up the department such as training, equipment needs, administrative support staff, etc.
- This proposal retains all the risk and liability with the City, with some mitigation over time assuming the agency can overcome the recruitment, training, and retention barriers.
- It is estimated that in year one alone, there is a shortfall of approximately \$665,635.

To illustrate true costs and steps associated with converting the existing Fowler volunteer fire department to a professionally trained full-time staffed department, Chief Despain developed a plan outlining all one-time project startup and ongoing costs, such as salary and operational expenses. This plan is implemented over a 5-year period and is included as Attachment D for comparison purposes. This plan also includes an estimated risk factor with each year of implementation.

It is important to note that each of the above referenced proposals do not include the capital expenses associated with the buildout of Phase II of the Fire Station. It is assumed that the Phase II construction of the sleeping quarters, shower facilities, and apparatus bay exhaust system will be initiated as soon as possible as these improvements are required to properly house permanent fire staff in the station.

The key issues for consideration are:

- 1). Which proposal provides the best outcome measurements for the community in terms of fire protection, emergency medical, rescue, hazardous material (environmental protection) service?
- 2). Which proposal has the best return of investment?
- 3). Which proposal provides the best risk/liability reduction to the City?
- 4). Which proposal provides the most downward pressure on insurance rates for the community rate payers?

5). Which model is the least impactful on existing city staff, existing unallocated revenues, and other city resources?

6). Which proposal meets the community's residual expectations?

ENVIRONMENTAL REVIEW

This action does not constitute a "project" pursuant to the California Environmental Quality Act.

FISCAL IMPACT

As this is a workshop, and no action is being taken by Council, there is no fiscal impact at this time.

NOTES:

- > Recruitment (\$1,000), Background (\$3,000), and Medical (\$1,000): Medical advisable regardless of current volunteer status, but other costs would be avoidable with the hiring of a volunteer.
- > To further mitigate risk, consider incentives to encourage volunteers to complete 240 hours of training. Incentives to be considered: (1) pay for training, which is estimated at \$25,000 in Year 1 and \$15,000 in Year 2; and/or (2) increase pay per call, e.g., if doubled, then additional \$37,125 in Year 1 and \$18,427 in Year 2.
- > Mix of Classic PERS and PEPRA in draft budget; if additional Classic PERS rather than assumed PEPRA employee, then add approx. \$10,000.
- > Staff recommending HR Tech (comparable salary + benefits to admin above) to assist multiple departments with cost spread among them.
- > Build-out of second floor envisioned regardless, so cost excluded above. To achieve build-out during conversion, however, a trailer with beds, shower, etc. will be needed. Estimated cost to purchase is \$50,000 and opportunity to sell upon completion of second floor. Rental option too.

ATTACHMENTS: 1. Resolution No. 2578

RECOMMENDATION

The City Council directed the City Attorney and staff to prepare a proposed resolution for the City Council to consider placing a special transactions and use (sales) tax measure on the November 8, 2022 ballot for the voters to decide. If Resolution No. 2578 is approved by a majority of the City Council, the special transactions and use tax measure will appear on the ballot for the November 8, 2022 election in the City of Fowler.

BACKGROUND

At the June 21, 2022, City Council meeting the City Council directed the City Attorney and staff to prepare a proposed resolution for the Council to consider placing a special transactions and use tax increase measure of 0.275% for the Fowler Fire Department on the November 8, 2022 ballot for the voters to decide whether to approve the tax increase.

If the resolution calling the election for the special tax measure and approving the ballot question, the City Council will present the measure proposing a 0.275% increase to the existing Transactions and Use tax rate in the City of Fowler - a proposed increase to the maximum rate of 9.25% allowed State law. The proposed tax increase is for a special tax, which will require a 'yes' vote by 2/3 of votes cast by the voters of Fowler to be approved.

However, because this is a proposed special tax measure, Section 2(b) of Article XIII C of the California Constitution, added by Proposition 218, effective November 1996, does not require it be submitted to voters at a general election. If desired, a special tax measure could be submitted to voters at a special election. The next such special election date is in March 2023.

Moreover, a citizen initiative petition for a special tax measure for fire department funding is already underway. If the proponents of the citizen initiative gather enough signatures, the measure will appear on the November 8, 2022 ballot (if signatures are gathered and verified in time), or a special election may be called for March 2023 if the required signature gathering and verification does not meet the deadline for including the measure on the November 8, 2022 ballot. If the measure is placed on the ballot through the citizen initiative process, based on a recent court of appeal ruling on a special tax in Fresno, the special tax measure will be approved by a simple majority of 'yes' votes (50% + 1) cast at the election.

The proposed ballot question for the special transactions and use tax is included in Resolution No. 2578. The question complies with applicable provisions of the Elections Code (Sections 9, 9051, and 13247) which limit the text of a ballot question to no more than 75 words, including the title. The proposed question to be placed on the ballot for Council consideration is as follows:

CITY OF FOWLER FIRE DEPARTMENT TAX MEASURE: Shall an ordinance increasing the transactions and use tax rate in the City of Fowler by 0.275% be approved to generate approximately \$250,000 annually to be used only for fire department expenses such as fire station upgrades, equipment, and firefighter staffing costs, until ended by voters, subject to annual audits available to the public, with all funds being used only to fund fire protection services in the City of Fowler and benefitting Fowler residents?

YES ☐NO ☐

The above proposed text may be modified by the City Council before approving Resolution No. 2578 but the text must not exceed 75 words. If the Resolution is approved, staff will return at a future City Council meeting to introduce an ordinance adding a new section to Chapter 5 of Title 3 of the Fowler Municipal Code relating to the proposed special Transactions and Use tax increase. The ordinance will be conditioned upon approval of the tax increase measure by the voters at the election.

ENVIRONMENTAL REVIEW

This action does not constitute a “project” pursuant to the California Environmental Quality Act.

FISCAL IMPACT

The City incurs a cost every other year to conduct an election. The estimated cost to conduct the regularly scheduled election will be budgeted and accounted for in the 2022-23 budget. If a measure is placed on the ballot, additional costs will be incurred, but the increased amount is unknown at this time. Staff will return to the City Council with a budget amendment request if necessary.

If a special tax measure is placed on the ballot, and if it is approved by the voters, it is expected to raise approximately \$250,000 annually in additional revenue. Such additional revenue will be restricted to fire department and fire protection services in Fowler.

CONFLICT OF INTEREST

Staff is not aware of any conflicts of interest.
